

A close-up, slightly angled shot of the back of a black computer monitor. A blue Ethernet cable is plugged into the bottom-left port. The monitor sits on a dark wooden desk. In the background, other computer monitors and classroom furniture are visible but blurred. A white rectangular box with a thin black border is centered over the lower half of the monitor.

Tech Savvy Schools

To Improve Education Focus on Pedagogy Not Technology

It's not what you use

ZIBUZA.NET
Professional Teacher Community

It's how you use it

Which of the following study approaches are most effective?

<https://poll.fm/10333983>

Answer to the quiz:

- Learning spaced over time
- Questioning what you have learned
- Letting study and practice overlap

Thank You!

Teachers: Heartbeat of our Nation!
