QUALITY MANAGEMENT SYSTEM (QMS)

1. BACKGROUND

An agreement was reached in the ELRC (Resolution 8 of 2003) to integrate the existing programmes on quality management in education. The existing programmes were the Developmental Appraisal System (DAS) that came into being on 28 July 1998 (Resolution 4 of 1998), the Performance Measurement System that was agreed to on 10 April 2003 (Resolution 1 of 2003) and the policy on Whole-School Evaluation (WSE Policy, 26 July 2001). The three quality management programmes were integrated to constitute the Integrated Quality Management System (IQMS), signed as ELRC Collective Agreement No.8 of 2003. The IQMS is informed by Schedule I of the Employment of Educators Act, No. 76 of 1998 where the Minister is required to determine performance standards for educators in terms of which their performance is to be evaluated.

The IQMS has been in place since 2003 but was only implemented in schools from 2005. Despite all the measures put in place to strengthen its implementation, schools continued to experience challenges, resulting in the teacher development summit being convened on 29 June to 2 July 2009, to identify and address, amongst others, factors responsible for its poor implementation.

The summit agreed on, amongst others, the following;

- That a clear, coherent policy and regulatory environment be designed for both teacher appraisal and teacher development, which teachers and other role-players can easily understand and with which they can readily engage;
- That teacher appraisal for purposes of development be de-linked from appraisal for purposes of remuneration and salary progression, and
- That IQMS be streamlined and re-branded.

Purpose of streamlining and re-branding

The main purpose of the streamlining and rebranding process is:

- a) To enable the different quality management programmes to inform and strengthen one another;
- b) To define the relationship among the different programmes;
- c) To avoid unnecessary duplication in order to optimise the use of human resources.
- d) To strengthen accountability.

2. WHAT IS QUALITY MANAGEMENT SYSTEM (QMS) FOR EDUCATORS?

Quality Management System is a performance management system for school-based educators, designed to evaluate the performance levels of individuals in order to achieve high levels of school performance. It is critical in assessing the extent to which educators are performing in line with their job descriptions in order to improve levels of accountability in our schools.

QMS incorporates the following:

- Measuring the performance of educators in line with their respective roles and responsibilities;
- Providing a basis for decisions on rewards, incentives and other salary related benefits for the applicable year;
- Providing a basis for decisions on mechanisms to recognize good performance and address under-performance, and
- Consideration of the relevant contextual factors in conducting assessments.

3. PURPOSE OF QUALITY MANAGEMENT SYSTEM

- To determine levels of competence of all educators;
- To enhance educator efficiency, effectiveness and good performance;
- To improve accountability levels within schools;
- To provide a basis for decisions on mechanisms to recognize good performance and address underperformance;
- To ensure that educators perform their duties with integrity, and maintain a positive, vigilant attitude towards all learning activities;
- To provide a basis for paying salary progression, rewards and other incentives, and
- To provide mechanisms for assessing educators, taking into account the context within which they operate.

4. GUIDING PRINCIPLES

The implementation of the Quality Management System for educators is guided by the following principles:

- To recognize that schools are not the same, and are operating at different levels of performance;
- To recognize that schools are operating in different contexts, and are exposed to different challenges;
- To ensure fairness by taking into account relevant contextual factors that impact on educator performance. These contextual factors include, but are not limited to:
 - Levels of support provided to educators;
 - Infrastructure issues;
 - Socio-economic environment, and
 - Unforeseen challenges
- To minimise subjectivity through transparent and open discussion throughout the appraisal process, and the possible involvement of a resource person as an observer where necessary;
- To ensure that the instrument is valid, reliable and relevant
- To use the QMS instrument professionally, uniformly and consistently, and
- To provide feedback on the appraisal process by focusing on:
 - Performance and not personality;
 - Availability of evidence and not assumptions;
 - Objectivity and not subjectivity;
 - The specific and concrete and not the general and the abstract;

The principal has to agree and sign the work-plan together with the circuit manager who is his/her immediate supervisor. Similarly, the Deputy Principal has to agree and sign the work-plan with the principal, who is his/her immediate supervisor. Departmental Heads have to sign their work-plans either with the Deputy Principal or with the Principal. The work-plan has the following components:

Performance standards: these are applicable performance standards as reflected in the QMS instrument.

Key activities: these are activities to be agreed to in terms of applicable job descriptions.

Targets: these are targets to be set for improvement within the appraisal cycle.

Time-frame: the period within which the targets are to be achieved.

Performance indicators: these are measures of success to be observed for achieving specific targets.

Contextual factors: these are unique/specific circumstances to be taken into account that have the potential to impact on the employee's ability to achieve targets.

7. SCHEMATIC REPRESENTATION OF THE RELATIONSHIP BETWEEN APPRAISAL AND DEVELOPMENT

MS

H.M.L. SA

7. RELATIONSHIP BETWEEN APPRAISAL AND DEVELOPMENT

7.1 Professional Development of Educators

The teacher development summit held in 2009 agreed that evaluations for purposes of rewards and incentives need to be de-linked from evaluations for purposes of professional development of educators. However, there is a recognition that the two processes must inform one another.

7.2 Needs identification

The QMS will be one of the mechanisms used to identify the developmental needs of educators.

NOTE:

The Integrated Strategic Planning Framework for Teacher Education and Development (ISPFTED) provides for the establishment of structures to drive the professional development of educators. These include the establishment of professional learning communities and subject committees. Furthermore, the School Management Teams are expected to put processes in place to ensure that needs identified through the QMS and other processes are responded to. SMTs are therefore expected to provide the development of educators as part of their mentoring and coaching or ensure that support is provided through the involvement of subject advisors and other external experts and service providers. SMTs have the responsibility to ensure that structures created in terms of the ISPFTED are functional and effective. Similarly, Circuit Managers are expected to ensure that QMS is implemented in schools and principals are supported accordingly.

8. DISAGREEMENTS AND GRIEVANCES

8.1 School Level

In cases of any disagreement between the educator and the supervisor, all efforts should be made to resolve such disagreements at that level, including intervention by the principal.

If no resolution is found, the aggrieved party must refer the grievance to the principal within three working days. The principal must establish a grievance committee within five working days after the receipt of the grievance. The grievance committee must consist of the following:

- The principal, who is the Chairperson;
- Where necessary, the principal may request a principal from a neighbouring school to preside over the matter;
- One other member of the SMT, and
- One representative from each of the unions that are admitted to the ELRC and have members in the school.

The grievance committee must resolve the grievance within 10 working days after its establishment.

8.2 Circuit Level

Should the aggrieved party be unhappy with the decision of the grievance committee at the school level, he/she must refer the matter to the circuit manager in writing within five working days. The circuit manager must establish a grievance committee within five working days after the receipt of the grievance. The grievance committee must consist of the following:

- The Circuit Manager, who is the Chairperson;
- Where necessary, the circuit manager may request a circuit manager from a neighbouring circuit to preside over the matter;
- One other official from the district, and
- One representative from each of the unions that are admitted to the ELRC.

The circuit grievance committee must resolve the grievance within 10 working days after its establishment.

Should an employee disagree with the decision of the circuit grievance committee, such an employee may invoke the dispute resolution procedures of the ELRC.

GLOSSARY

Annual Appraisal

Annual Appraisal is aimed at assessing whether the educator's performance has complied with the required performance standards. It is where the performance required is clearly defined in advance in order to facilitate an annual final finding of performance.

Contextual Factors

Contextual factors are those factors that impact on an educator's performance and must be mutually agreed to between an educator and his/her supervisor.

Criteria

Each Performance Standard consists of 2 to 4 criteria. These criteria form the key deliverables for each performance standard and are used to evaluate the educator's performance. The criteria describe the conduct of the learners and educator or the skill of the educator related to effective performance.

Descriptors

Descriptors are phrases that aid in defining and outlining the expected conduct for a particular criterion. The descriptors are not an all-inclusive listing of conduct that might be associated with a criterion.

Goals

Goals are general statements that describe the desired outcome or purpose of any activity.

Informal Appraisal

An informal appraisal is aimed at assessing whether the educator's performance is complying with the required performance standards. Evidence from CASS/SBA and PDP are taken into account and support is provided, where necessary, by the Departmental Head. It is formative and emphasizes continuous improvement.

Mid-year Appraisal

Mid-year Appraisal is aimed at assessing whether the educator's performance has complied with the required performance standards. It is where the performance required is clearly defined in advance in order to facilitate a mid-year finding of performance and identify areas in which an educator's performance can improve.

Objectives

Objectives are statements that concretely and specifically describe a result to be achieved.

They serve as a basis for:

- Clarifying intentions;
- Planning
- Guiding activity towards a desired result, and
- Assessing achievement

Outcome

An outcome is a consequence of achieving specific objectives. It is assessed in terms of goals and the impact on the achievement of goals. It describes what changed as a result of effort.

Performance Criteria

Performance Criteria are those factors, characteristics or standards that will be used to describe and assess effective performance.

They may be general, such as key performance areas, or they may be very detailed and specific such as measurable targets.

Performance Measurement (PM)

Performance Measurement is the mid-year/annual process of appraising performance. It is:

- Part of a larger process of linking individual performance management and development to organizational goals;
- It is only one aspect of managing and developing the performance of individuals;
- The acyclic and recurring process aimed primarily at performance improvement through ongoing learning and development.

Performance Standards (PS)

Performance Standards are agreed on criteria to describe how well work must be done. They clarify the key performance areas of a job by describing what "working well" means.

Pre-appraisal discussion

The interaction between an SMT member/appraiser and the educator prior to a lesson observation or performance appraisal during which the purpose, performance standards, criteria, procedures and processes are discussed.

Post- appraisal discussion

A collaborative conference between an SMT member/appraiser and the educator during which feedback on the educator's performance is provided.

Rating Scale

A rating scale is a standard scale for rating educators' performance in relation to specific categories of performance.

School Management Plan

The school's annual plan of action facilitated and developed by the SMT for activities to be completed within stipulated timeframes.

Score

The total points allocated to each performance standard.

School Management Team (SMT)

For purposes of QMS, it consists of the principal, the deputy principal and departmental heads (Education Specialists).

Teacher

The teacher refers to an educator as explained in the Employment of Educators Act, 1998.

Work-plan

A document that outlines what activities will be undertaken by an employee within a particular year, as well as setting specific targets that need to be achieved.

WORK PLAN AND APPRAISAL INSTRUMENTS FOR EDUCATORS ON POST LEVEL 4

PRINCIPALS

MJ

H.M. 874

1. INTRODUCTION

- 1.1 The performance appraisal of a principal must be conducted twice during the year, using the approved instrument provided in this section.
- 1.2 Different weighting scales are applicable to the final appraisal scores of Principals who teach 30% or more of the scheduled teaching time and those who teach less than 30% of the scheduled teaching time.

2. QMS WORK PLAN AND INSTRUMENT

- 2.1 Principals (PL 4) are required to complete a work plan (**Annexure D1**) at the beginning of each evaluation cycle.
- 2.2 The QMS instrument (**Annexure D2**) should be used for the appraisal of principals.
- 2.3 The work plan and instrument should also be used for purposes of self-appraisal, the mid-year appraisal and final appraisal.
- 2.4 The Performance Standards in the instrument form the core elements of the job description for deputy principals and principals.
- 2.5 The criteria form the key deliverables for each of the 7 Performance Standards.
- 2.6 The desired outcome/key objective of each criterion has been pegged with a maximum rating of 4.
- 2.7 A rating that is less than the desired outcome will be influenced by the following factors:
 - There is no or insufficient evidence of a particular desired activity;
 - The desired activity is infrequent;
 - The desired activity is frequent but of poorer quality than desired;
 - The desired activity is infrequent and of poor quality, and
 - The desired activity may be frequent and of reasonable quality but is impacted by a negative attitude

3. APPRAISAL OF PRINCIPALS

- 3.1 During the signing of a work plan, the Principal and his/her supervisor (Circuit Manager) must also discuss the appraisal instrument (Annexure D 2) that will be applicable for his/her self-appraisal, mid-year appraisal and annual appraisal.
- 3.2 Principals have a choice in selecting 4 out of 5 descriptors in Performance Standard 7.
- 3.3 All other descriptors in Performance Standards 1 – 6 are compulsory.
- 3.4 Two different weighting scales are applicable to the final appraisal scores of Principals who teach 30% or more of the scheduled teaching time and those who teach less than 30% of the scheduled teaching time.

The scale is applied as follows:

Principal (P 1A)	Principals who teach 30% or more of the scheduled teaching time.
Principal (P 1B)	Principals who teach less than 30% of the scheduled teaching time.

The weighting of the scores allocated for the above 2 categories of principals are as follows:

	Classroom Teaching (Performance Standard 1)	Management and Leadership (Performance Standards 2 – 7)
Principal (P 1A)	40%	60%
Principal (P 1B)	20%	80%

3.5 An example of establishing 30% of scheduled teaching time is shown in the table below:

Weekly teaching (instructional) time allocation as per school time-table	30% of teaching time
27,5 hours	8.25 hours
25 hours	7,5 hours
