### ANNEXURE A:APPLICATION OF 3b and 3c in the CIRCULAR

### 1.1 Scenario 1: Application of 3b

Subject	Original	Adjusted	Adjustment	Motivation
Afrikaans FAL	37	40%	3%	The three subjects are below 40%. An adjustment of between
Social Science	35	40%	5%	1% and 5% will be made only on these subjects to a mark of
Technology	39	40%	1%	40%. The adjusted mark should not exceed 40%

# 1.2 Scenario 2: Application of 3b and 3c

Subject	Original	Adjusted	Adjustment	Motivation
Afrikaans FAL	37	40%	3%	In this case the four subjects are below 40%. The learner's
Social Science	35	40%	5%	marks in the other three subjects will be adjusted. The
Technology	39	40%	1%	learner will then be condoned in
Mathematics	25% C	25%	No adjustment	Maths

# 1.3 Scenario 3: Application of 3b

Subject	Original	Adjusted	Adjustment	Motivation
Mathematics	35	40%	5%	In this case the 3 subjects below 40% include Maths. The
Social Science	36	40%	4%	learner's marks will be adjusted. The Maths mark will
Technology	38	40%	2%	be adjusted to 40%. Maths mark will not be condoned

# 1.3 Scenario 4: Application of 3b and 3c

Subject	Original	Adjusted	Adjustment	Motivation
Mathematics	32	37% C	5%	In this case the three subjects are below 40% and it includes
Social Science	37	40%	3%	Maths. However, the Maths mark will still be below 40%
Technology	38	40%	2%	after adjustment. The Maths adjusted mark will be condoned
