#### 3. Describe what each of the following safety signs mean.

Safety signs	Meaning
	Indicates where to find the fire extinguisher in case of fire.
	Indicates where to find the fire blanket in case of fire.
	Indicates where to find the first aid kit in case of accidents.

4. Susan was talking to her friend on the phone while frying doughnuts. Suddenly she realised that the oil caught fire and the pan was burning. When she tried to remove the pan from the stove plate, she burned her hand.

- 4.1 Describe what she must do to treat her burn wound.
- She must put her burned hand under cold, running water.
- She must cover her burn wound with burn shield or she must put antiseptic ointment on and cover it with a bandage.
  - 4.2 Explain the correct way to put out the fire.

#### Any three:

- Put a lid on the burning pan or cover the fire with a fire blanket. Or put the fire out with a fire extinguisher.
- Don't use water to put out the fire. The water will cause the oil to spatter.
- Switch off the stove.
- If the fire is out of control, get everyone out of the house and phone the fire department.
